

Navigate Insights

Leverage data to transform
your tax function and stay
ahead of the curve

Challenges

	Difficulty in analysing and interpreting a large volume and variety of complex data
	Identifying the most relevant data sets
	Integrating data from different sources
	Maintaining the accuracy and completeness of the collected data to avoid inaccurate insights
	Handling and showcasing large volumes of data into understandable models and graphs
	Integrating obtained insights into business processes to improve performance

Our solution

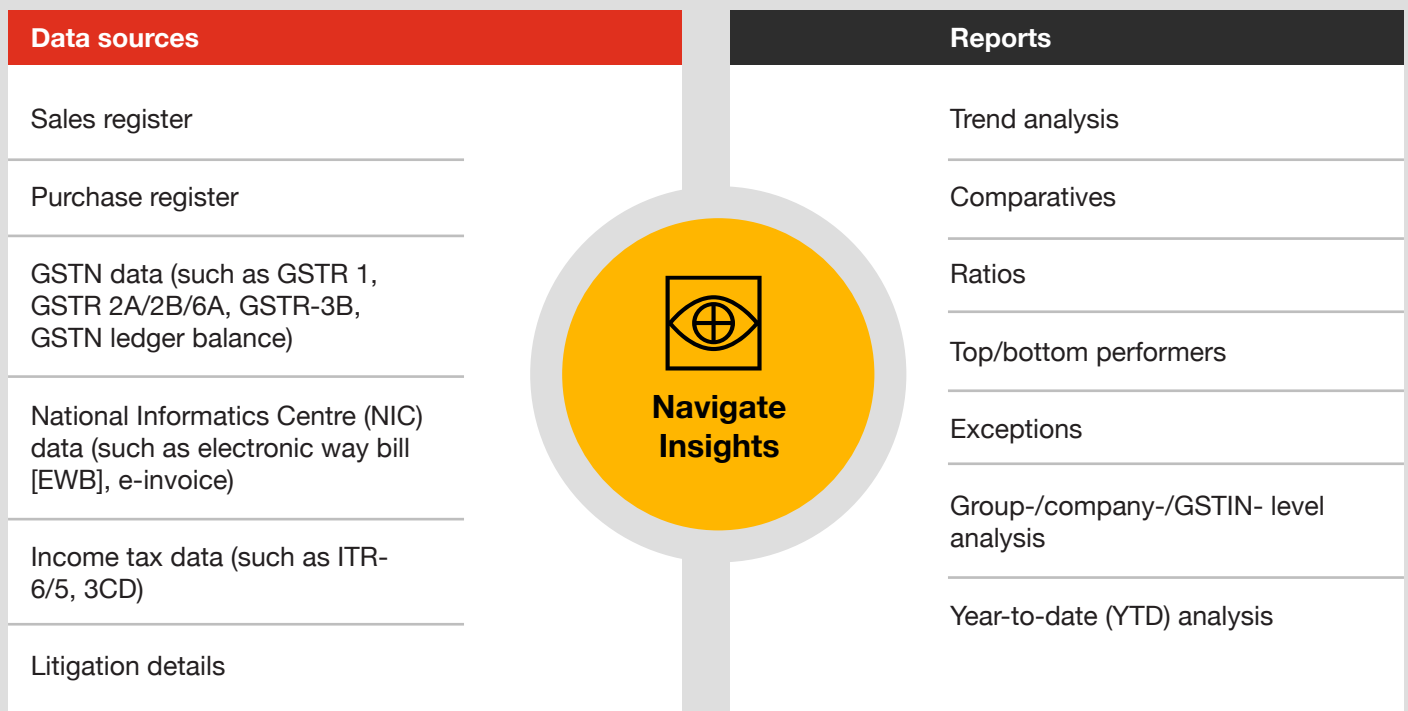

In today's data-driven world, it has become increasingly important for organisations to find an effective way to collect, filter and analyse large amounts of data and generate valuable insights that can help informed decision making, drive innovation and improve business operations.

PwC's Navigate Insights is a single consolidated platform that offers comprehensive dashboards with key trends and patterns in business operations. It helps companies to identify areas of improving efficiency, reducing costs and optimising their performance. This tool can also support companies to stay ahead of their competition in the market by identifying key emerging trends in their respective industries.

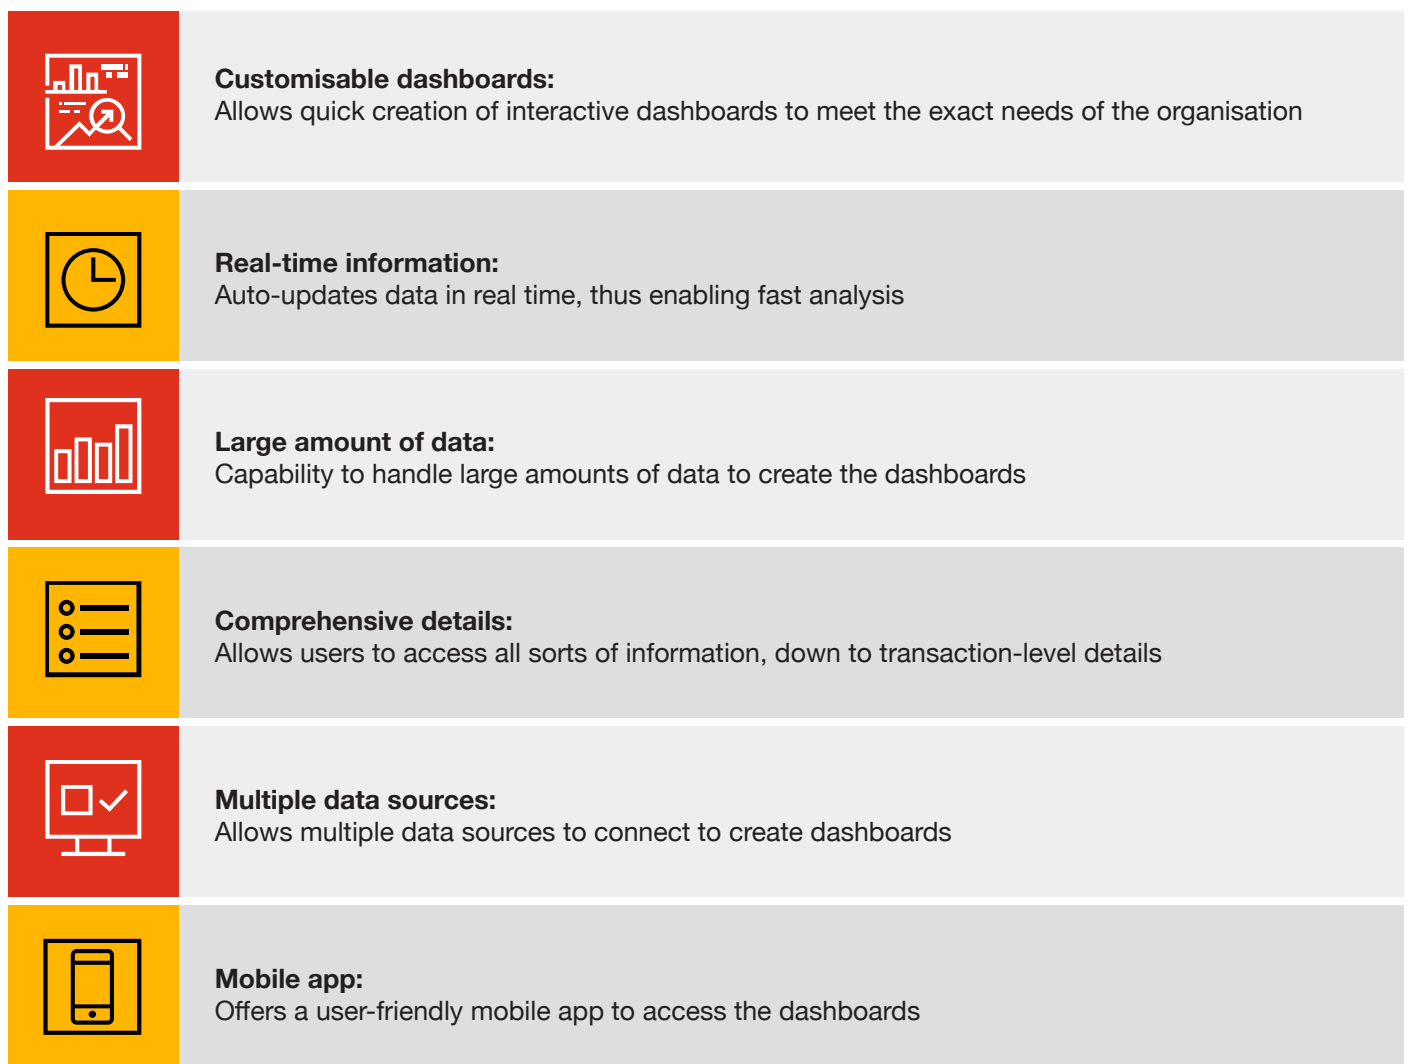

Use cases

				
Executive	Tax	Sales	Procurement	Supply chain
Comprehensive dashboards providing insights for tax compliances, vendor management and tax credits	Key insights for monitoring tax compliances and control	Reports for analysing outward supply for various key partners	Reports for analysing inward supply for various key partners	Reports for providing insights based on tax data for supply chain management

Workflow

Features

About PwC

At PwC, our purpose is to build trust in society and solve important problems.
